P9

The Escape™ P9 delivers the most detailed sound reproduction using 4 individual 3-inch full range drivers utilizing polypropylene (PP) cones with aluminum dust caps, linear flat spider, vented voice coil and a powerful optimized magnet structure.

The 8-inch subwoofer features a custom designed composite fiberglass reinforced basket, oversized magnet, polypropylene (PP) cone, linear flat spider, vented voice coil for both powerful and deep accurate bass performance.

The entire system is driven by an extremely efficient audiophile digital amplifier and its sound is both tailored & user adjustable with its on-board dual 24-bit DSP processors.
